Title:	Influence of intraoperative oxygen content on early postoperative graft dysfunction in living donor liver transplantation: a retrospective observational study
Date:	2019/09/26

We hereby certify that Textcheck has checked and corrected the English in the manuscript named above.

A specialist editor with suitable professional knowledge (M.Sc. or Ph.D./M.D.) reviewed and corrected the English. An English language specialist subsequently checked the paper again. The first language of both editors is English.

Please direct any questions regarding this certificate or the English in the certified paper to: certified@textcheck.com
